

Normandy Historians

Record of Burials in the Parish of Worplesdon at the district church of St. Mark's, Wyke in the County of Surrey between 1848 and 1998

Introduction

Normandy Historians made this transcription from photocopied originals (once held by Guildford Muniment Room but now held by the Surrey History Centre) into the original digital format.

Neil Stanton, Diana Marchant, Maidie Chattaway and Peter Blakiston members of the society, made and checked and verified the entries, the format of presentation for archival retention and electronic reproduction is by Ashley Hoare

Whilst every effort has been made to ensure correctness in the copying, readers of these transcripts are advised to refer to the originals for exactitude of actual spellings and identification of signatures.

Notes to the transcription

1. In some instances the present township of Aldershot in Hampshire is recorded as Aldershot or Aldershott.
2. Where the name of the Officiating Minister is partly illegible the best interpretation is given followed by (?).
3. To aid digital interrogation of the work, the name of the deceased is presented in two columns to separate the forename(s) and surname.
